### West Virginia Briefs

**WHEELING:** Solomon Kraus, veteran business man, is dead here at the age of 83. He had made his home here for seventy years.

**HUNTINGTON:** Announcement is made at Marshall college that a school for athletic coaches is to be established there this summer in connection with the summer school.

**MOUNDSVILLE:** Four hours after he had mysteriously disappeared from the state penitentiary here, a convict, whose name was not learned, was found secreted in one of the rough prison cellars in which convicts are buried when their bodies are not claimed by relatives or friends. He had a supply of food and water sufficient to keep him alive for several days. He probably contemplated making an attempt to scale the walls after search for him had been abandoned.

#### Physician's Prescription For Rheumatism

Business and professional men of large means who have taken expensive baths at famous resorts and have spent money lavishly to rid themselves of the tormenting agony of rheumatism have turned to Rheuma and got well. When Rheuma goes in, poisonous secretions go out. No opiates or narcotics are used. Rheuma drives out the cause of rheumatism and speedily brings comfort and health, and most druggists will admit it. Two bottles of Rheuma will cost you a dollar at Wells-Haymaker Co. or any druggist, and if this purchase does not bring you the freedom from pain and misery you expect, your money is waiting for you.—Advertisement.

**WHEELING:** An armored automobile belonging to the Massachusetts national guard, passed through Wheeling en route to the Pacific coast. The trip is being made in the interest of the National Security League, an organization which seeks to show the unprepared condition of the United States.

**GRAFTON:** A woman, whose name was not learned, had a narrow escape from being crushed to death beneath the wheels of accommodation train No. 15 at Simpson's crossing. Just as the woman was crossing the tracks, she fainted, falling directly in the path of the train, which was only a short distance away. The engineer, however, saw the woman and managed to stop the train a few feet from the woman's body.

**WELLSBURG:** Henry Ziliken, postmaster here, states that the new government building, corner of Charles and Tenth streets, will be ready for occupancy by October 1.

**GRAFTON:** With the view of arousing interest in the hog raising business among farmer youths of this section, the agricultural extension department of the West Virginia university has presented ten thoroughbred pigs to as many boys in this county.

**WHEELING:** Representatives of various trades' union in the Ohio valley have started a movement, which they hope will result in ending the strike at the plant of the Belmont Casco Company at Shadyside. The president of the United Mine Workers, district No. 5, has been asked to act as arbitrator in the matter.

#### Alkali Makes Soap Bad For Washing Hair

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle. The best thing to use is just plain mul-sified coconut oil, for this is pure and entirely greaseless. It's very cheap, and beats the most expensive soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months. Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.
